Chance to Win Gold Medal.

A gold medal to the school boy or girl between the ages of 10 and 15 who writes the best composition, not to exceed 800 words, on the repair and maintenance of earth roads, is to be awarded by Edgar Waller Page, Director, Office of Public Roads, United States Department of Agriculture, Washington, D. C. All compositions must be submitted to Mr. Page before May 15, 1913, and the medal will be awarded as soon thereafter as compositions can be graded. The composition may be based on knowledge gained from books or other sources, but no quotations should be made.

After many years' experience in dealing with the public road situation of the country, it is Mr. Page's belief that ignorance on the subject of repair and maintenance of roads is as much the cause of their bad condition as any other factor. It is expected that the competition will bring about a better understanding of the subject of repair and maintenance in the rural districts.

Many children living in the rural districts have experienced the disadvantages of roads made impassable through a lack of proper maintenance and it is expected that their interest in the competition will stimulate greater interest among the parents. Bad roads have prevented many children from obtaining a proper education and have even prevented doctors from reaching the side of rural patients in time to save their lives.

Any child between the ages mentioned, attending a country school, may compete. Only one side of the paper must be written on; each page should be numbered; the name, age, and address of the writer, and the name and location of the school which he or she is attending must be plainly written at the top of the first page. The announcement of the competition has been sent to the superintendents of schools in the rural districts. No further information can be obtained from the Office of Public Roads. This announcement should be plain to everyone, and all children will thus start on a basis of equality.

Reward For Boy.

My son, Jimmy Johnson, left home the 7th day of March, 1913. He is 14 years old, has brown hair, dark brown eyes, and weighs about 100 pounds. Founded The Southern Railroad.

The Board of Directors of the Southern Railway Company, meeting upon April 11, 1913, unanimously adopted the following minute:

John Pierpont Morgan, founder of the Southern Railway, died at Rome, Italy, March 31, 1913, after a long life, full of distinguished honors and abounding in benefit to mankind. His noble character and his splendid career justly have received recognition in every country and from rulers and people alike. No citizen of this Republic without official position of any kind ever has attained such eminence, and none deserved it more. His fame, illustrious in his lifetime for great achievements greatly planned, will abide in the years to come, for it was founded upon integrity and maintained by devotion to high principles. To this general recognition of his personal character, the Directors of the Southern Railway Company must add a special and particular tribute, for to Mr. Morgan more than to any other is due the creation and the development of the Southern Railway, one of the first of the many reorganizations justly identified with his name. From the beginning it engaged and it never has failed to receive his wise guidance and his constant and liberal assistance. Through his fostering care it has grown to its present proportions, attesting the soundness of his forecast, and the public service rendered in his rescue and support of this important instrumentality of commerce which has contributed not only to the beneficial development of the Southern country, but also more broadly to human welfare in making permanent provision for the honorable livelihood of a vast body of employees and their families.

The members of this Board share with the worldwide public in a sense of personal loss, and in extending to the family of Mr. Morgan the assurance of respectful sympathy.

Examination For Postmaster At Paint Lick.

The U. S. Civil Service Commission announces that on Saturday, May 10, an examination will be held at Richmond, as a result of which it is expected to make certification to fill a contemplated vacancy in the position of fourth-class postmaster of class (a) at Paint Lick, and other vacancies as they may occur at that office, unless it shall be decided in the interests of the service to fill the vacancy by reinstatement. The compensation of the postmaster at this office was \$709 for the last fiscal year.

Age limit, 21 years and over on the date of the examination, with the exception that in a State where women are declared by statute to be of full age for all purposes at 18 years, women 19 years of age on the date of the examination will be admitted.

Applicants must reside within the territory supplied by the postoffice for which the examination is announced.

The examination is open to all citizens of the United States who can comply with the requirements.

Application forms and full information concerning the requirements of the examination can be secured from the postmaster at Paint Lick or from the secretary of the Board of Examiners, at Richmond, Ky., or from the U. S. Civil Service Commission, Washington, D. C.

Applications should be properly executed and filed with the Commission at Washington at least seven days before the date of examination, otherwise it may be impracticable to examine the applicants.

Bond-Secured Currency.

During the Civil War the Federal Government found itself upon the verge of bankruptcy. It could not find a market for its bonds. In that emergency it decided to create a market by making the bonds the basis of note issues by the National banks. Issues by State banks were made impossible through the imposition of a 10 per cent. tax. It was an arbitrary decision, and it created an artificial market, but it was justified by the extremity of distress in which the Government was then involved.

The situation which justified that unusual step has long since passed. The bonds of the United States are now salable anywhere. No other great nation has so small a per capita Government debt. No other civilized nation has such a banking system. It is the cause of the inextricable confusion between commercial and investment banking. It is in part the cause of the vast and dangerous concentration of money power and money credit in Wall Street.

We should reform our currency system along with our banking system. We should supplant our present crazy-quilt currency with a unified and flexible medium of exchange, based primarily on gold.

Good "Ad" For Richmond.

Under a well-printed picture of the public square of Richmond, the Christian Science Monitor, published at Boston, contain the following concerning the best little city in all Kentucky:

"This city of 7,000 people is located in the heart of the Blue-grass region. It is a seat of learning, containing the Eastern Kentucky State Normal school and the Madison Institute for girls, as well as an excellent city school. It is in a rich farming section, exporting fine cattle, horses and livestock of all kinds. It is also the center of the tobacco-growing industry, and has two large warehouses, which sell annually 10,000,000 pounds of leaf. The town is located in a historic section, where much of the early frontier Indian fighting occurred. In the main square is the statue of a pioneer, with a public fountain, reared by David R. Francis, of Missouri, in honor of this, his birthplace. The courthouse lawn is decorated with a slab of stone on which Squire Boone carved his name in the latter part of the eighteenth century. The business and residence sections of the town are handsome and well kept, in keeping with the traditions of the old families who live here."

The Secret of Honest Values

A number of years ago, in looking over business conditions, we came to the conclusion that our greatest asset was not our stock in trade or cash in the bank, but our customers' good will, our reputation for good values and square dealing. We determined to make the name "Oldham" stand as a synonym for "QUALITY"—to stand back of our goods and to see that the goods we sold were right. In studying our sources of supply, we found that some makers did business that way too; and some did not. But the ones we could rely on were the ones who put their NAMES in their goods and said always "These are ours, we made them, they're right and we will stand behind them."

Makes It Three-Handed.

The formal entry of former County Clerk John P. White, of Madison county, into the race for the democratic nomination for Representative in the Legislature makes a pretty triangular contest. The other candidates are Editor A. D. Miller and Green Clay. All are active party men and well "conditioned" for a gruelling race.—Louisville Times.

BIRTHS.

A little son arrived at the home of Mr. and Mrs. Paul Reed, of the Kavanaugh section, on the 11th—Silas Reed.

Eliza Pauline is the name given a little girl which came into the home of Mr. and Mrs. William H. Lewis.

A beautiful daughter arrived at the home of Mr. and Mrs. Clifton Weaver Wednesday, weight 12 pounds, and she has been named Dorothy Brown, in complement to the mother's sister, Mrs. Annie Brown.

Ninety-Fourth Anniversary To Be Observed.

Secretary W. S. Broadbush, of Madison Lodge, I. O. O. F., is addressing the following letter to his brother members:

The 94th Anniversary of Odd Fellowship will be observed in our Lodge room on Saturday evening, April 26, 1913, at 7:30 o'clock. It is our desire to make this one of the largest meetings in the history of our Order. We especially urge that you be present and see that your neighbor Odd Fellow comes. The occasion will be observed by the explication of the Initiatory and First Degrees, concluded with refreshments.

Found The Boy.

There was sorrow and anxiety in the home of Mr. and Mrs. Lee Congleton for a while last night, but later on joy made up for it all. Their little son was missed about six o'clock and a search was made for him: The house was ransacked from cellar to garret and then a visit to the neighbors was made, but all in vain. No trace of the boy could be found. Finally about 10:30, when the family had almost lost hope, some member opened the feeding bed and there to the joy of the household lay the little fellow fast asleep. It was a scene that the family will not soon forget.

To My Friends.

It is with a feeling of regret and reluctance that I withdraw from the race for the democratic nomination for jailer of Madison county. Many of my friends and other democrats pledged me their support, and for which I am very thankful, but I have been compelled to remain at home so much with my aged and feeble father, Mr. Thomas Cotton, that I have not been permitted to give the race the attention needed. I thank each and every one who has promised to aid me by vote or voice in the race and retire with good feeling for all candidates and every democrat in Madison county. Again thanking them, and with best wishes to them all, I am very truly,

N. CORTIS, JR.

Kirksville, Ky.

As Their Names Will Appear.

Under the State primary law the candidates for county and city offices will draw lots for the position of their names on the ballot, but the arrangement is entirely different for State offices. Under the law they will be placed in alphabetical order for the First Congressional district and each succeeding district the top name in the preceding district will be placed on the bottom and the others moved up a name. For instance, if Beckham, McCrory and Stanley were starters in the senatorial race the arrangement of their names on the ballots would be as follows: Beckham, McCrory, Stanley, in the First, Fourth, Sixth and Tenth districts; McCrory, Stanley, Beckham, in the Second, Fifth, Eighth and Eleventh districts; Stanley, Beckham, McCrory, in the Third, Sixth and Ninth districts.

We buy all kinds of country produce, pay the highest market price. Give us a call. Covington Thorpe Co. 57-1f.

Miss Jeanie Barrow Hurst, Professor of Expression of Eastern Kentucky State Normal School, will present Israel Zangwill's famous drama, "The Melting-Pot," at Normal Chapel on Wednesday evening, April 23, at 8 o'clock. Miss Hurst's rendition of this powerful play will be one of the rare treats offered to the Richmond public during the year. The cast of characters is as follows:

CAST OF CHARACTERS:

Mendal Quixano—An elderly must master.

David Quixano—His nephew.

Kathleen—An Irish serving maid.

Vera Revendal—Doing settlement work in New York.

Quincy Davenport—An American Aristocrat.

Herr Pappelmeister—Davenport's orchestra conductor.

Baron Revendal—A Russian nobleman.

Baroness Revendal—His wife.

SCENES OF THE PLAY.

Act I—The living room of the Quixano home in New York.

Act II—The same.

Act III—Vera Revendal's sitting room in the Settlement House.

Act IV—The roof garden of the Settlement House.

A notice in the Minnesota State Normal says in part concerning Miss Hurst's presentation of the play:

"The characters, both humorous and heroic, were skillfully handled, while the appearance of pathos, which distinguishes the play, was voiced with convincing sympathy. The atmosphere of the drama was made very clear and forceful to the audience, while the message of the play was carried over with unfailing truth. The whole was achieved with no apparent striving for effect, yet it was artistic in the extreme."

Ben F. Hurst, of the Richmond Heating & Plumbing Co., is back from Covington, where he attended the gathering of the Master Plumbers of the State. Some 150 or more of the leading plumbers were there and the meeting was both profitable and enjoyable. Considerable important business was transacted and every phase of plumbing and heating was thoroughly discussed. Mr. Shindine, of Louisville, was elected president to succeed J. J. Fitzgerald, and W. W. White, of Newport, was re-elected secretary. After the business was over a great banquet in Odd Fellows' Hall was enjoyed.

The Bells, shown at the Opera House Wednesday night, was one of the best pictures seen in weeks and the acting was probably the cleverest ever shown in motion pictures here. That Simplex machine and good pictures make "movies" worth looking at.

Enjoys Dr. Barnes' "Sermonettes."

A Climax reader told us the other day to by all means continue the good "sermonettes" that Dr. Barnes is preaching through these columns. "They are fine," said he, "and really are about the only ones I get, as my work compels me to put in Sundays at toil." We are glad that Dr. Barnes' efforts are being appreciated and hope he will continue his good work. The Latin phrase, multum in parvo, is applicable to these little sermons.

Contest To Close Tomorrow Week.

The popularity contest being conducted by the Climax will close tomorrow week, the 26th. There is only one more week for the contestants to get in their work and they had better get busy if they are not already doing their best. A \$400 Obermeyer piano would look mighty well in any young lady's parlor and that is what the one having the most votes is going to get. It's worth your work and while to make an effort to secure this beautiful instrument.

The Postmasters Will Have To Work.

Postmaster General Durlston, taking his cue from the way the President works, has announced that appointees to postmasterhips in the Presidential grade must earn their salaries by actual work. That is to say that they will hereafter be required, in addition to the qualifications with respect to ability, character and experience, to give assurance that his whole business time will be devoted to the position to which he is appointed. He further says that if clerks and carriers are required to serve eight hours during the day, the postmaster, who gets the highest pay of all, should at least give an equivalent in time and effort. Such a proposition should admit of no question. It is better, the great sense and reason. The postoffices should be placed on a business basis and those applicants who want to do, as most republican incumbents have done, let the subordinate do all the work, while they take their ease and enjoy the emoluments of office, instead of doing what is expected of them, should seek an office in some other department whose head is not so unreasonable as Postmaster Durlston.

It was Grover Cleveland who gave the utterance to the self-evident truth that "public office is a public trust," and who lived up to it. The government official who wants all pay and no work won't find any sailing for the next four years at least. He will have to do something in return for the money paid him, except to attend to his own affairs and log-roll for his party, feeling that he has done all that is expected of him.

One of the reasons that government offices are so sought after is that the belief prevails that they carry big pay and little work. This may have been the case heretofore, but that order of things is to be changed. The man who accepts office under President Wilson has to do like him, render a quid pro quo for his salary. The government is to be placed on a business basis and sinecures abolished. If any democrat is seeking office under the false impression that his heavy load will be to draw his salary, he had better withdraw and save himself disappointment. There are to be no drones in the democratic hive and those who are unwilling to work had better stand from under.—W. P. Walton in the Lexington Herald.

Dr. Friedmann Asked to Leave Providence Hotel.

Dr. Friedrich F. Friedmann, who claims to have a vaccine cure for tuberculosis, was notified by the management of the hotel where he had been receiving patients at Providence, R. I., that he will not be allowed to use his suite for professional purposes. He has been asked to leave.

All his patients in the hotel were asked to leave and private detectives were stationed at the doors to prevent others from entering. Six people who had taken rooms awaiting the treatment, were asked to vacate.

Dr. Friedmann performed his third clinic in the State, treating 15 tuberculosis patients at St. Joseph's Hospital. He is expected to return to Providence.

Skiff Used as Hearse.

The body of Rev. George R. Flowers, who died Tuesday morning at Columbus, Ky., which city was flooded, was Wednesday afternoon lowered from the second story of the house in which he died and taken in a boat to the home of Mrs. McDonald, on top of a hill. The body was followed by friends and relatives, all in skiffs, rowing across the city. The Rev. Mr. Miller, of Fulton, preached the funeral sermon, and the strains of "Jesus Lover of My Soul" added solemnity to the occasion as they floated over the water. The body was taken to the cemetery in a hearse provided by the undertaker at Arlington, Ky., the Columbus hearse being under way.

State University News

(By G. C. Wilson)

One of the big social events of the season at the University was the ballroom dance Saturday night in the Armory from 8 to 12 o'clock. Gov. James B. McCreary was expected but failed to come. Brigadier General and Mrs. Roger D. Williams, adj. Gen. and Mrs. J. F. Ellis, colonel and Mrs. J. E. Kirby Allen acted as chaperones. The affair was strictly social and all the members of the battalion were in full dress uniforms.

The base ball game scheduled for Saturday afternoon between State and Manual Training School was called off on account of Manual wanting to play an ineligible player. State could not play against them lest they be disqualified from the Southern Association. The ineligible player of Manual's had played formerly with the Lexington Colts in the Blue Grass League.

Prof. C. J. Norwood, Dean of the College of Mines and Metallurgy, has just completed a trip to the western part of the state in the interests of certain works connected with coal mining.

They "Coughed Up."

The editor of a Kansas paper states that he borrowed a Winchester rifle recently and started up the street to deliver the weapon to its owner. The delinquent subscribers got it into their heads that he was on the war path and every one he met insisted on paying up what he owed him. One man wiped out a debt of ten years' standing. On his return to his office he found a load of hay, 15 bushels of corn, ten bushels of potatoes, a load of wood and a barrel of turnips that had been brought in.—Indianapolis News.

JEAN VAL JEAN 4371

ANGELUS PEAVINE 5547

Will make the Season of 1913 at my place, 5 1/2 miles from Richmond on Speedwell pike.

JEAN VAL JEAN is five years old, 15.5 hand high, weight 1150 pounds, and is a horse of fine conformation, possessing size, bone and finish—a heavy muscled, heavily bodied horse with short legs. This horse has a great deal of saddle motion and should ride high-style walking horses. His colts, now coming yearlings, are a good lot. Most all of them have white marks and all show a great deal of action. Will make the season of 1913 at \$200 to insure living colts.

ANGELUS PEAVINE is a dark chestnut with white star, 3-years old, stands 15.3 1/2 hand high, weight about 1,100 pounds. This horse has the best of bone and foot. He is a very rich color, has high style and a great deal of high true action. He is well gaited—racks and trots with extreme action and has a nice canter and is well slow gaited. In harness he is a corker. Will make the season at \$15 to insure living colts.

These horses are full brothers to Victor Peavine, sold to U. S. Government for \$400 as a yearling, and also Sir Richard who sold for \$300 at Wington. Their dam produced "Sporting News" who sold for \$2,500 after winning the championship in New York. A good sire must have a good producing dam. These horses are for sale.

Tom Baldwin

RICHMOND, KENTUCKY.

I WILL STAND THE PERCHERON STALLION

Brilliant D.

For the Season of 1913 at my farm on Boggs' Lane, near Richmond, at \$15 to insure a living colt.

Brilliant D. is a Percheron horse, bred by W. W. Grimley, of Sweetwater, Ill., color gray, foaled April 6, 1906. Sired by Gaulois's Percheron stallion, imported by Dunham, Fletcher & Coleman, of West Hill, Gaulois's sire by Eretas, he by Volcan, he by Bienville, he by Voltaire, he by Brilliant. Dam Mag. black mare by Koscoe, he by Jas. Brown's Brilliant, (a prize winner at the Chicago World's Fair) he by Brilliant one of the foremost Percherons of either France or America, for which Mr. Dunham was offered a very large price to let him go back to France. So it will be seen that Brilliant D. is very deeply bred in the Percheron blood, and is fully entitled to the name of Brilliant.

I wish to impress upon parties having mares to breed, that Brilliant D. weighs 1,700 pounds. I believe the time is at hand when it takes weight to bring the money. Readers of the Breeders Gazette will notice that within the last few days large numbers of Percheron mares have been sold for prices around and exceeding \$500.

Care taken to prevent accidents, but not responsible should any occur. Lien retained on colts until service fee is paid or bred to another horse or jack.

Long Tom

Will also make the Season at the same time and place at \$10 to insure a living colt.

Money due when colts are foaled, mare parted with or bred to another horse or jack.

This Jack is of big bone, good head and ear and must be seen to be appreciated. His colts are of exceptional size and quality. Long Tom needs no hot air blown on him. Every man that has ever bred to him is his life long friend and patron.

Long Tom is to the mule world what Peter the Great and Rex Peavine are to the trotting and saddle horse world. He is by Wm. Todd's big Jack, he by Tom Keene, he by Rubie Billington; 2nd dam by Lear's Napoleon.

Mares kept on grass at 10 cents per day. Not responsible for accidents, but all care taken to prevent same.

Will stand my SHORTHORN BULL \$2 CASH, and Silver Creek RED BOAR HOG at \$1 CASH.
